About Us

Fashionista Global is a premium apparel sourcing and production partner with over 25 years of continuous relationships with India's finest vendor factories.

We specialise in Western childrenswear — from heirloom-quality linen and broderie anglaise to silk-touch rompers and double gauze bloomers — produced to the aesthetic and compliance standards of leading European and Australian boutiques, department stores and private-label programmes.

Every style in this portfolio reflects actual production completed for EU and AUS buyers. What you see is what we build.
